A Historic Event!

Two weeks ago a historic event took place. One police chief and 7 police chaplains from Ukraine came to the Law Enforcement Chaplaincy Sacramento (LECS) for training. The various police departments within Ukraine have undergone major changes since the war broke out and their new departments are only 4 years old and their chaplaincy is just 11 months old.

These men could have chosen any place within the United States to train, but they chose LECS and we were honored to provide training to these courageous men who are taking on an enormous challenge.
